MOTOTRBO Connect Plus Trunking Operation:		MSRP
--	--	-------------

MOTOTRBO Connect Plus is the next generation professional digital trunking communications solution that provides enhanced performance, productivity and value for two way radio users. Please refer to the XRC 9000 Controller section (under Fixed Equipment) for more information on how to order Connect Plus trunking systems.

QA00588	Connect Plus Trunking Operation For Enabled Models Only Includes factory loading of the Connect Plus firmware application. Connect Plus license is enabled by default.	N/C
---------	---	-----

QA00588	Connect Plus Trunking Operation, Only for Capable Models Includes factory loading of the Connect Plus firmware application. License HCLN4457A is required to Register and Activate the Connect Plus functionality in the radio and must be purchased separately from the QA00588 option (see details below).	\$58.33
---------	--	---------

HCLN4457	Connect Plus Trunking License, Only needed for Capable Models An Entitlement ID (EID) will be delivered via e mail to the address specified during order placement. Register and Activate the Connect Plus license in the MOTOTRBO Connect Plus capable radios using MOTOTRBO CPS (version 12.0 or higher). Registration requires an internet connection. Multiple licenses can be ordered under the same line item.	\$25.00
----------	---	---------

Notes:

- Option QA00588 applicable only to MOTOTRBO digital capable models.
- Option QA00588 requires MOTOTRBO CPS version 12.0 or higher.
- Option QA00588 requires MOTOTRBO Option Board CPS (available in MOL Resource Center at no cost).
- Connect Plus Trunking Operation requires:
 - MOTOTRBO digital firmware release R02.50.05 or higher (included with factory option QA00588)
 - MOTOTRBO expansion card (included with factory option QA00588)
 - Connect Plus software (included with factory option QA00588)
 - Connect Plus software license (order HCLN4457 separately)
- Please refer to the Fixed Equipment section for Connect Plus Trunking system information.
- Please refer to the Connect Plus System Planner and your Motorola COEE team representative for pre sale support and system design considerations

General Options:

QA01839	LTR/PassPort Enhanced Operation. Factory Installed. Option includes built-in MOTOTRBO Expansion Card and installation of Scholer-Johnson software application license. Notes: 1) Scholer-Johnson LTR/PassPort application runs on the MOTOTRBO Expansion Card. The application is compatible with both Classic and Enhanced PassPort operation. 2) Scholer-Johnson LTR/PassPort application requires winSjppTRBO programming software. 3) MOTOTRBO XPR 5500e/7500e series radios require firmware R02.06 version or higher. 4) Scholer-Johnson LTR/PassPort application is available only for display portable and mobile models. 5) Scholer-Johnson LTR/PassPort application is compatible with FM equipped portables. 6) MDC signaling is not currently available in application's conventional or LTR modes of operation for XPR 5500e/7500e series radios. 7) Quik Call II signaling is not currently available in application's conventional or LTR modes of operation. 8) Trident TrAVL operation using Scholer-Johnson application is not available for XPR 5500e series mobiles.	\$72.00
---------	--	---------

- 9) Expansion Card draws additional current from radio battery so using a higher capacity battery may be required.
- 10) To purchase aftermarket Scholer-Johnson LTR/PassPort application and winSIlppTRBO programming software please contact Scholer-Johnson Inc. at 407 645 5093.
- 11) For Technical support on the LTR/PassPort application please contact Scholer-Johnson Inc. at 407 645 5093.

The XPR Series portables ship with a standard 2-year parts and labor warranty. Additionally, they ship standard with a 1-year Service from the Start -LITE (SFS) option (formerly known as the Repair Service Advantage). If you desire additional years of SFS LITE, you may choose one of the following options. Please note that these plans are in addition to the 2-year standard warranty and 1 year SFS LITE ships standard with unit.

G400	ADD: 1-Year Service from the Start - LITE Provides for 1 year of extended hardware coverage beginning after the 2 year standard warranty and 1 year of SFS-LITE that ships standard with the unit for a total coverage period of 4 years. Repairs will be made only at the designated Motorola repair depot. Local services are not included. Motorola will pay inbound shipping charges only with the use of the Motorola designated delivery service. Motorola will pay for outbound shipping via Motorola's normal shipping methods. No discounts are allowed on this option.	\$38.00
G24	ADD: 2-Year Service from the Start - LITE Provides for 2 years of extended hardware coverage beginning after the 2 year standard warranty and 1 year of SFS-LITE that ships standard with the unit for a total coverage period of 5 years. Repairs will be made only at the designated Motorola repair depot. Local services are not included. Motorola will pay inbound shipping charges only with the use of the Motorola designated delivery service. Motorola will pay for outbound shipping via Motorola's normal shipping methods. No discounts are allowed on this option.	\$73.00
GA00249	ADD: Service from the Start Comprehensive Provides 3 years of hardware repair coverage and chemical, liquid, and other physical damage on your Motorola portable and mobile subscriber radios. Comprehensive coverage starts from the first day the radio is put into use. Repairs will be made only at the designated Motorola repair depot. Local charges are not included. Motorola will pay inbound shipping charges only with use of the Motorola designated deliver service. Motorola will pay for outbound shipping via Motorola's normal shipping methods. No discounts are allowed on this option. This SFS Comprehensive option is provided at a discount to override the existing 1-year SFS -LITE that is already tied to the radio.	\$184.00

Premium Software Features (CAPABLE):
